## PRODUCT CYCLE

# 100% COMPOSTABLE AND BIODEGRADABLE TABLEWARE

## Product with Principles.

**Jash** tableware is completely free of intermixing with the food-preserving its original test & flavour.

It is also completely water and oil resistant.

At Jash our actions are aligned with our mission of making the planet a healthier place, Jash tableware is free of carcinogens, chlorine, and BPA, PFAS.

Our products are made from renewable resources, which are plastic-free and 100% compostable, and biodegradable, which keeps harmful chemicals in the ground and plastic pollution out of landfills.

We are committed for being responsible and to promote caring for mother earth, spreading as well as enhancing the awareness about the environment around us to make it a zero waste planet.

## OUR PRODUCT FEATURES

### No Plastic - The Green Choice

**Jash** products are made from 100% plant material such as sugarcane and bamboo waste, which does not contain any toxic material and it is also oil and water resistance.

### Microwave Safe

**Jash** products are microwave safe which means it can be used in microwave or in oven between temperature  $-20^{\circ}\text{C}$  to  $+140^{\circ}\text{C}$ .

### Trust

At **Jash** every product is accounted for on specs in piece and in packaging. This is done to ensure we never fail short on our commitment.

### Best Alternative for Plastic

**Jash** products are biodegradable that work great for all occasions! Ideal for banquets, barbeques, parties, and more. Everyday products you need, at prices you want.

### Biodegradable & Compostable

**Jash** products are manufactured from FDA registered raw materials. All products are made from renewable resources. All products are BPA, PFAS and chlorine chemical free.

### Heavy Duty

**Jash** products are designed to be lightweight and durable. Ergonomic design of our product feel more comfortable and grippier while holding in hands, and we make it thicker, so it does not break easily in takeaway or delivery.
